HELP THE BOYS "OVER THERE" BY SAVING GASOLINE

The Allies need gasoline. Waste none of it on Sunday motoring for pleasure. He who uses it for this purpose stints those who are fighting our battles. It is the duty of all motor car owners to comply with the Fuel Controller's request to save "gas."

The safety of the State being the supreme law, personal enjoyment must give place to national necessity during war time. To save gasoline is to save money. It will also ensure a more adequate supply of "gas" for the needs of our war machine, which must lack no essential. To comply with the Fuel Controller's request will save \$150,000 on a single Sunday. In gasoline it will also save hundreds of thousands of gallons. A word to the wise motor car owner is sufficient!

What little threshing there is to do, in this district, is being cleaned up in a hurry. Many of the farmers hauled what crop they had, to central points, thus cutting down the expense of moving the threshing outfit.

Bring in your scrap iron, the Red Cross Society wants it all, and they need the money.

The town has been very busy the past couple of weeks, the big sales and the fruit shipments attracting buyers from far and wide. To see the streets lined with cars and rigs, one would imagine we had a bumper crop instead of a failure.

There is talk of another coal miners strike this time in the Edmonton district. With the approach of winter and the present shortage of coal, this will be a very serious affair if the strike goes into effect.

The mine workers are after an increase in wages.

What are you doing towards conserving the supply of gasoline?

RED CROSS

Sept. 6th. Members present 6. Work handed in: Mrs. Grayburn 20 pillow cases 2 prs socks, Mrs. Foster 1 pr socks, Mrs. Lorder 4, Mrs. Tarr 3 binders. From Soundings Lake: 46 bdkfs done at meeting, Misses Martin 26, Miss McCallum 8, Mrs. Hill 12, bdkfs, Miss Martin 5, Mrs. Plumb 5, binders, Miss Ingessoll 4 hkfs, Mrs. Ingessoll 10 pillow cases, Mrs. Harley 7, Mrs. Marshman 3, binders.

Work finished at meeting: 22 towels, 6 hkfs, 2 m t bandages, 1 pm jacket.

There will be no more "Fords" made from now until the end of the war, whenever that is. The Ford factories are all busy on war orders.

The United States will have 400,000 troops in France, by next summer.

The Allies have started a big offensive on the Macedonia and Salonika fronts.

U. S. REGISTRATION

Col. J. H. Johnson, American consul at Regina, gives this information as to the registration of Americans in Canada.

Men married before June 5th 1917, will not be required to report for military service while they reside in Canada, until the married men of Canada are called to service. After that date they have thirty days to register with the American forces.

It is not necessary to appear in person to register. Cards may be had from the consul's office on application by mail. These are to be filled out before a Notary Public and are sent direct to the local board at the registrant's former place of residence.

The American government does not pay for transportation in Canada.

At the present time, all single Americans between the ages of twenty-one and thirty, inclusive, must register before Sept. 29th, or be liable to the Canada Military Service Act.

Any one under or over these ages cannot register at the present time.

Experimental Farm Report

The annual report of the Dominion Experimental Farms for the year ending March 31st, 1917, is a comprehensive document containing matter well worth studying by progressive farmers. It describes briefly and concisely the experiments and tests which have taken place at all the farms and stations in each province. The Report can be had free on application to the Publication Branch, Department of Agriculture, Ottawa.

New Homestead Map Of Northern Alberta

There has been prepared, at Ottawa, a new edition of a map much sought after by prospective settlers in Western Canada, namely the Northern Alberta Homestead Map, on a scale of 12½ miles to the inch.

The new issue is most comprehensive in the information contained. By an elaborate color scheme the various divisions of land are clearly indicated, such as, land finally disposed of, lands unpatented, forest reserves, timber-berths, grazing leases, parks and reserves, land agencies, also location of coal seams, tar, gas and oil sands.

The land reserved for settlement by returned soldiers is also shown.

Persons desiring copies of the map should make application to the Superintendent of the Natural Resources Intelligence Branch, Department of the Interior, Ottawa.

POINTERS

Life's most desirable pleasures cost the least.

Did you ever hear of a man's falling in love with a woman's intellect?

When a miser marries he picks out a woman who looks nice in her old clothes.

Don't tell your troubles to a policeman unless you are looking for more trouble.

One can't square himself with God unless he pays what he owes to his fellow men.

In various walks of life some people have a walkover and others get walked on.

Fully nine-tenths of our trouble would vanish if we didn't talk so much.

A gentleman always shuts his eyes when he looks at a lady's faults.

The universal idea of a level-headed man is one who agrees with you.

The older a man gets the less time he has to learn the things he thought he knew when he was a boy.

The regulations governing this liability are published in the Canada Gazette (Extra) of 21st August, 1918; copy whereof may be obtained upon application through the post to the Director of the Military Service Branch of the Department of Justice at Ottawa.

UNITED STATES CITIZENS of the description aforesaid who were IN CANADA ON 30th JULY, 1918, HAVE SIXTY DAYS FROM THAT DATE within which to EXERCISE AN OPTION TO ENLIST or enroll IN THE FORCES OF THE UNITED

STATES, or TO RETURN to the United States; and THOSE WHO for any reason SUBSEQUENTLY BECOME LIABLE TO MILITARY SERVICE IN CANADA HAVE THIRTY DAYS FROM THE DATE of the accruing OF SUCH LIABILITY within which to exercise the like option. It is stipulated by the Convention also that certificates of diplomatic exemption may be granted within the optional periods aforesaid. EVERY CITIZEN OF THE UNITED STATES TO WHOM THE REGULATIONS APPLY is required to REPORT TO THE REGISTRAR under the Military Service Act, 1917, FOR THE province or DISTRICT WITHIN WHICH he is, in the manner by the regulations prescribed, WITHIN TEN DAYS AFTER THE EXPIRY OF HIS OPTIONAL PERIOD and will be SUBJECT TO PENALTIES IF without reasonable excuse HE FAIL SO TO REPORT. For the information of those whom it may concern Sections 3 and 4 defining the requirements of registration, with which it will be necessary strictly to comply, are set out substantially as follows:—

REGULATIONS

3. EVERY MALE CITIZEN OF THE UNITED STATES WITHIN THE AGES for the time being SPECIFIED IN THE LAWS OF THE UNITED STATES prescribing compulsory military service, not including those who have diplomatic exemption, WITHIN TEN DAYS AFTER THE EXPIRY OF THE TIME LIMITED BY THE CONVENTION within which the Government of the United States may issue him a certificate of diplomatic exemption, SHALL TRULY REPORT TO THE REGISTRAR BY REGISTERED POST, and in writing which is plainly legible, his name in full, his occupation and the date of his birth; stating also whether he is single, married or a widower; and if the latter, whether he has a child living; also if married, the date of his marriage; and stating moreover his place of residence and usual post office address in Canada; and if he reside within a city or place where the streets and dwellings are named and numbered, the name and number of his street and dwelling; or if he reside in another place, the lot and concession number, section, township, range, and meridian, or other definite description whereby his place of residence may be located, having regard to the custom of the locality in which he lives; and IF WITHOUT REASONABLE EXCUSE HE NEGLECT OR FAIL TO

REPORT IN THE MANNER and with the particulars aforesaid within the time limited as aforesaid, HE SHALL BE GUILTY OF AN OFFENCE, AND SHALL BE LIABLE UPON SUMMARY CONVICTION to a penalty not exceeding five hundred dollars, and to IMPRISONMENT for any term not exceeding six months, and moreover he shall incur A PENALTY OF \$10.00 FOR EACH DAY after the time when or within which he should have registered during which he shall continue to be unregistered.

4. EVERY UNITED STATES CITIZEN WHO HAS DIPLOMATIC EXEMPTION, although not otherwise subject to these regulations SHALL WITHIN TEN DAYS after the granting of the same truly REPORT TO THE REGISTRAR, in like manner and with the same particulars as required by the last preceding section; and in addition he shall embody in his report a true and complete statement of the particulars of his certificate of diplomatic exemption. ISSUED BY THE DEPARTMENT OF JUSTICE, MILITARY SERVICE BRANCH.

Note and Comment

There is considerable rivalry among the 'Hog Barons' over in the west end of the town. The discussions, pro and con, wax hot at times relative to the proper feeding of the young porkers, the majority maintaining that bottle-feeding was too expensive owing to the high price of glass and rubber. The Barons usually gather together every Sunday at the pens, if the weather permits, and tell all they are supposed to know on 'How to raise a crop of pigs?' It has not yet been definitely decided as to whether to erect a packing plant or keep the meat for home use.

Rhubarb is a versatile plant. It is both useful as a food and a drug. Yet it has nothing on the cabbage; you can eat it or smoke it.

Mrs. Busch, the widow of a wealthy St. Louis brewer, is mixed up in a conspiracy to buy American newspapers for publishing pro-German propaganda. An exchange remarks that "When the U. S. courts get through with Mrs. Busch she is likely to be a sadder Budweiser woman."

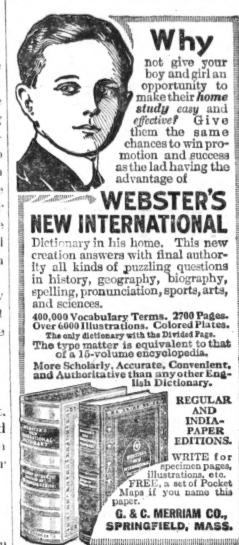

Say, Mr. Farmer, how much old scrap iron have you kicking around your farm? There is no use keeping it on your land, where you are continually falling over it. The local Red Cross Society is collecting all kinds of scrap metal, so just load up what you have and bring it to town on your next trip.

The attention of all American citizens is drawn to the Notice which appears in this issue regarding the regulations on registration. The time for action is getting short so those effected should get busy and register, at once.

Plans have just been completed for the distribution of seed grain to the districts where there was a crop failure, this year. Every farmer will be supplied with seed, whether he can pay cash or not, as plans are made for giving out the seed on a credit basis. The full details of the scheme are not ready for publication.

In harvesting potatoes, any which show signs of decay should be kept separate from the rest, and used first, thus helping to avoid the development of rot when stored. They should be dry when stored.

Keep onions dry, spread thinly. If cabbage begin to split and it is not yet time to harvest them, the splitting will be prevented to some extent by twisting the plants so as to loosen them. This checks the flow of sap to the head. Cauliflower, just beginning to head, may be saved from severe frost by pulling them and replanting in boxes in the cellar. Keep well watered until they have developed. Squashes, pumpkins and citrons should be kept in a moderately warm, not a cool place.
